Dear _____

My child is a student receiving special education services at your school, and has a diagnosis of Autism Spectrum Disorder. My child has a history of wandering, and I have concerns that he/she may wander from the school. I am including information specific to my child that will be helpful in that event, and I respectfully request that this information become part of any IEP meeting, and that it be disseminated to any school staff, whether they interact with my child in the classroom or any other location in or around school property. A wandering incident with my child should be considered a critical incident requiring immediate response.

Prior wandering locations _____

Reasons/triggers for wandering (if known) _____

Calming strategies if necessary _____

My child uses the following tracking technology _____

If Project Lifesaver, the agency to contact is _____

The transmitter number is _____

Please alert 911 immediately once you are aware my child is missing, and advise them of my child's diagnosis of autism, and the location of water sources or other hazards near the school

I sincerely thank you for your concern for my child's education, and your dedication to his safety.

Very Truly Yours,

ASET Autism Safety,
Education & Training
